INDEPENDENT AUDITORS' REPORT

Measure C Citizens' Oversight Committee
San Mateo County Community College District
San Mateo, California

We have audited the accompanying financial statements of the Capital Outlay - Bond Fund 2001 Election of the San Mateo County Community College District, as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the capital outlay - bond fund 2001 election and are not intended to present fairly the financial position and results of operations of the San Mateo County Community College District in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Capital Outlay - Bond Fund 2001 election of the San Mateo County Community College District at June 30, 2010, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

NOTE #1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the San Mateo County Community College District Capital Outlay - Bond Fund 2001 Election conforms to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants. The San Mateo County Community College District capital outlay - bond fund 2001 election accounts for financial transactions in accordance with the policies and procedures of the California College Budget and Accounting Manual.

Financial Reporting Entity

These financial statements were prepared to comply with the requirements of proposition 39 related to the 55% voter approval requirements for bond issues and include only the Capital Outlay - Bond Fund 2001 Election established to account for the expenditures of the general obligation bonds approved in November 2001. These financial statements are not intended to present fairly the complete financial position and results of operations of the San Mateo County Community College District in conformity with generally accepted accounting principles.

Fund Accounting

The District accounts for the capital outlay – bond fund 2001 election in a fund, which is considered to be a separate accounting entity from all other funds of the District. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures, as appropriate. District resources are allocated to and accounted for in individual governmental funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

Governmental funds are generally accounted for using the modified accrual basis of accounting. Their revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered), except for unmatured interest on general long-term debt, which is recognized when due.

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances are liquidated at June 30 since they do not constitute expenditures or liabilities.

Fund Balance Reserves and Designations

Reservations of the ending fund balance indicate the portions of fund balance not available for appropriation or amounts legally segregated for a specific future use. Designations of the ending fund balance indicate tentative plans for financial resource utilization in a future period.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE #2 – INVESTMENTS

Investments Authorized Under Debt Agreements - The debt agreement limits investments to the San Mateo County Investment Pool. The Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment In One Issuer
County Pooled Investment Funds	N/A	None	None

Investment in County Treasury - The Capital Outlay Bond Fund of the District are considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Interest Rate Risk - Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Capital Outlay Bond Fund and the District manages exposure to interest rate risk by depositing substantially all of its funds in the County Treasury Pool. The fair value of deposits at the County Treasury at June 30, 2010 was \$670,397 and the weighted average maturity of the pool is 1.0 years.

Credit Risk - Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measure by the assignment of a rating by a nationally recognized statistical rating organization. The Capital Outlay Bond Fund only invests in County Pooled Investment Funds which are not required to be rated.

Custodial Credit Risk – Deposits - This is the risk that in the event of a bank failure, the Capital Outlay Bond Fund or District's deposits may not be returned to it. The Capital Outlay Bond Fund does not have any deposits subject to custodial credit risk.
